Dear Colleagues,

Let me inform you that MASA - International Association of Unions of Architects, the UIA regional organization held a meeting on May 18, 2021. And participants of the meeting, heads of the Unions of architects of Azerbaijan, Armenia, Belarus, Georgia, Kazakhstan, Kyrgyzstan, Russia, Tajikistan, St.Petersburg and Moscow after debating preparations to the Congress and General Assembly of the UIA RIO-2021, declared the following:

We unanimously decided to support the Lebanese Section of the UIA as follows:

- 1- We support the decision taken by the participants of Region II meeting, held on May 12, 2021, regarding the Lebanese issue, conceived by Vice-President Region II Nikos Fintikakis "The Member sections of Region II, in their meeting on May 12 2021, unanimously decided to insist on the implementation of the Council's decision of February 25,2021, which exempted the Lebanese MS from paying the UIA fees for 2020 and 2021"
- 2- We insist on the implementation of the Council's decision of February 25,2021, which exempted the Lebanese MS from paying the UIA fees for 2020 and 2021. We believe that this Council decision is sufficient to ensure that the Lebanese section is exempted from payment and Lebanese candidates are registered and included in the voting lists in accordance with the existing UIA Bylaws and the ethical traditions established in the UIA.
- 3- We confirm supporting the Declaration of the Lebanese member section President Mr. Jad Tabet concerning this issue.

Friendly regards to all colleagues,
